

Our Partnership with Virtuous

Since SJ Consulting's founding in 2006, our guiding principle has not changed... work with clients and partners who want to leave the world better than they found it.

SJC's unique expertise arcs across non-profit, advocacy, and corporate responsibility, and we recognize that the BIG challenges get much smaller when we work together to solve them. SJC has a team of designers, developers, and database consultants with expertise in online and offline databases, email marketing, and software platforms to meet the full spectrum of our clients' needs. SJC's singular mission is to ensure that our client-partners achieve theirs.

SJC is a proud partner of Virtuous. We believe Virtuous' solution not only meets the CRM needs of nonprofits but also exceeds them in many cases. The dedication of Virtuous to refine and enhance their solutions, and to listen to their nonprofit clients' requests, speaks to their commitment of empowering organizations' fundraising and constituent relationship efforts.
